

## P ▲ R ▲ D O X

### Expansor

### ZX8SP

#### POWER CONSUMPTION

|            |             |
|------------|-------------|
| Power mode | <b>DC</b>   |
| Voltage    | <b>12V</b>  |
| Amperage   | <b>30mA</b> |

#### INPUTS/OUTPUTS

|                               |                                   |
|-------------------------------|-----------------------------------|
| Wired areas                   | <b>8</b>                          |
| Maximum number of outputs     | <b>1 x PGM (50mA)</b>             |
| Maximum number of connections | <b>3 x Serie SP / 1 x Spectra</b> |

#### AMBIENT

|                       |                       |
|-----------------------|-----------------------|
| Operating temperature | <b>-20 °C ~ 50 °C</b> |
|-----------------------|-----------------------|

#### GENERAL INFORMATION

|               |                           |
|---------------|---------------------------|
| Type          | <b>Expansor</b>           |
| Compatibility | <b>Spectra / Magellan</b> |

#### TECHNICAL CHARACTERISTICS

|               |                                   |
|---------------|-----------------------------------|
| LED indicator | <b>Sí, (PC / Panel / RX / TX)</b> |
|---------------|-----------------------------------|
