

## A-FIRE

### Shielded fire cable

A-FIRE-2X1.5-100M-LSHZ

#### MATERIAL AND DIMENSIONS

|            |                              |
|------------|------------------------------|
| Material   | <b>Cobre pulido flexible</b> |
| Net weight | <b>6650 g</b>                |
| Length     | <b>100 m</b>                 |

#### CONDUCTOR

|              |                                 |
|--------------|---------------------------------|
| Material     | <b>Flexible polished copper</b> |
| Free halogen | <b>Yes</b>                      |
| Isolation    | <b>Poliolefina EVA</b>          |

#### EXTERNAL COVER

|          |                   |
|----------|-------------------|
| Diameter | <b>2.8 mm</b>     |
| Material | <b>Polyolefin</b> |

#### AMBIENT

|                       |                       |
|-----------------------|-----------------------|
| Operating temperature | <b>-40 °C ~ 85 °C</b> |
| Use                   | <b>Indoor</b>         |

#### GENERAL INFORMATION

|               |                      |
|---------------|----------------------|
| Type of cable | <b>Shielded Fire</b> |
|---------------|----------------------|
